

Receive an eReferral in Accuro

This guide walks you through five steps to review, accept and access a received eReferral in QHR Accuro using the Ocean Portal.

Step 1: Launch the Ocean Portal from Accuro

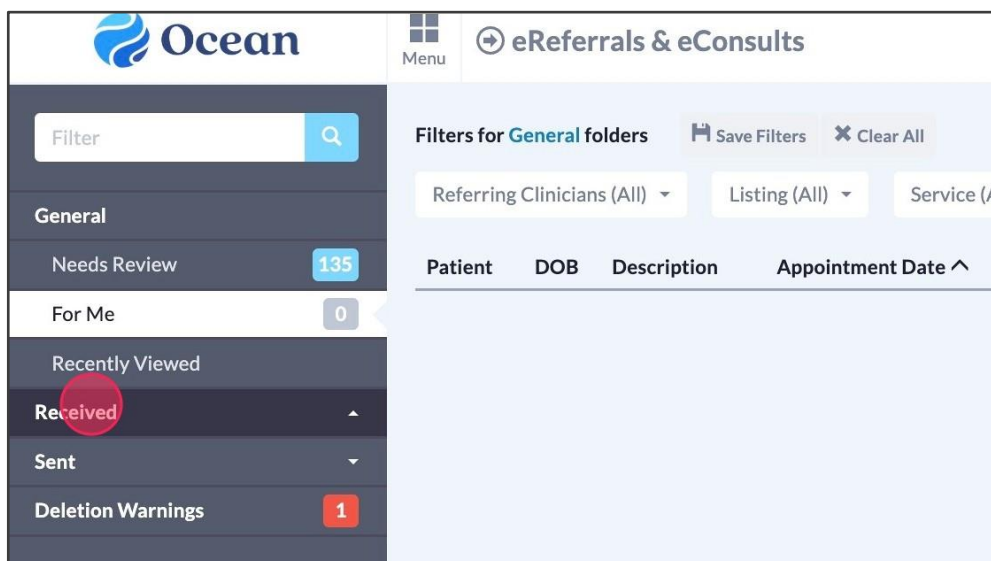

1. Log in to QHR Accuro
2. Click the **Ocean Portal** button

Note: The button's location may vary depending on your configuration

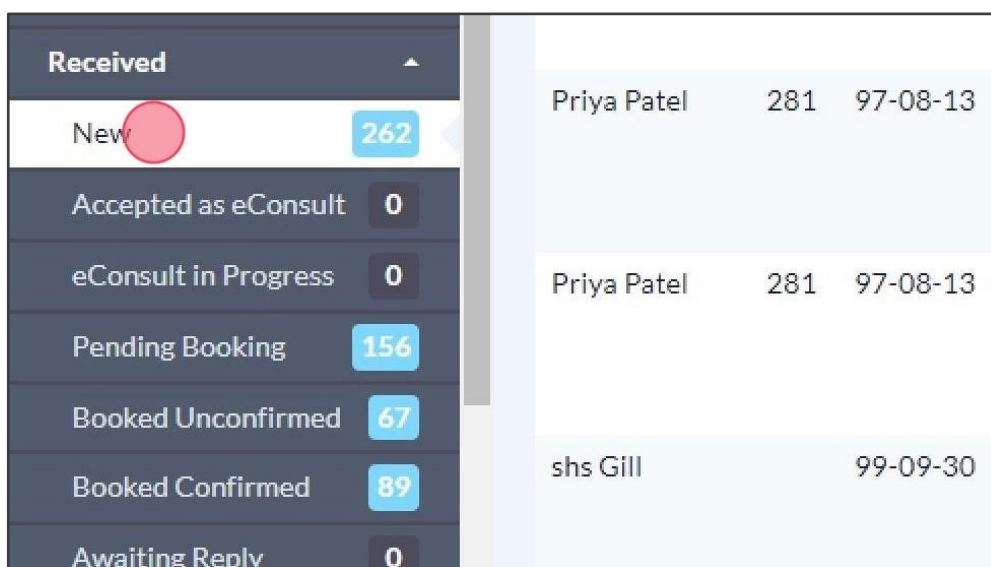

Step 2: Open the Received folder in Ocean

1. On the left sidebar, click **Received** to expand the inbox list

2. Click the **New** inbox to view all newly received eReferrals

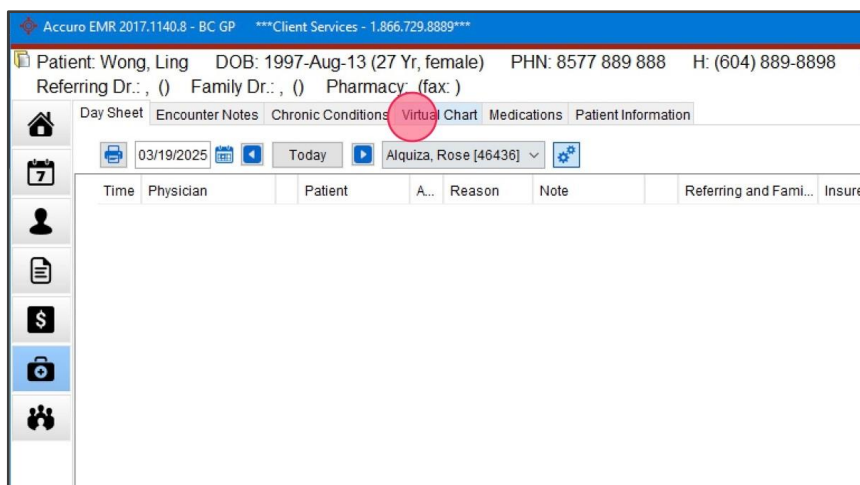

Step 3: Review and accept the eReferral

1. Select a referral from the list.
2. Scroll down and click **Accept** at the bottom of the eReferral.
3. Ocean will wait for confirmation from Accuro and update once successful.

Step 4: View the eReferral in the patient's chart

1. Open the patient's EMR Chart in Accuro.
2. Click on the **Virtual Chart** tab.

- Locate and click the imported eReferral.
